

FLANDERS LOFTS

HOA REGULAR MEETING MINUTES

Date | Wednesday, June 25, 2025 at 6:00 PM

Location | Online Meeting

Attendance:

HOA Board | Brian Emerson, Sally Williams, Christoph Gelsdorf, Chris Watrud, Shir Grisanti

Bluestone | Tara Marquez

Additional Attendees | Ben, Angeline, Walter,

Agenda	Discussion	Votes	Action Items
Call to Order	Meeting called to order at 6:00 PM.		
Fire Alarm System Consolidation Plan	The board discussed the need to upgrade and consolidate the building’s fire alarm systems, which are currently divided between the main building and the gallery spaces. Ben explained that consolidation would improve efficiency and code compliance by connecting all zones to a single main panel with possible sub-panels. Brian raised concerns about the estimated \$50,000–\$70,000 cost and how it would affect insurance rates. He noted that lowering the building’s annual insurance premium from \$48,000 to \$12,000 could help offset project expenses.		Ben and Angeline to prepare and submit a fire alarm system proposal, including both a complete replacement and phased upgrade option. Tara to research and compare current costs for phone lines, Point Monitor fees, and projected savings from switching monitoring services. Brian to contact Vern to discuss the building’s insurance classification and report back to the board.

Fire Alarm System Replacement Discussion	Ben emphasized the need to provide clear proposals and fair bid comparisons between vendors. Brian confirmed the importance of obtaining a second bid, noting that earlier estimates approached \$76,000. The board discussed the need to decouple the commercial security and fire alarm systems, which Ben confirmed his team could manage. No formal vote taken.		
Building Maintenance and Code Compliance	The board reviewed maintenance and code updates, including requirements for low-frequency fire alarm sounders due to recent code changes. Ben explained that the current wiring might not support new sounders but that phased work could be approved by city inspectors. Tara reported difficulty obtaining insurance quotes due to the building's age and systems. Brian will speak with Vern to clarify why the property remains classified as high-risk.		Tara to follow up with Wyatt Fire and Tim Jarmer regarding compressor issues and electrical failures. Tara to keep the board informed on unit 201 lawsuit mediation and any settlement progress. Brian and Tara to coordinate a meeting with Centric to discuss elevator electronics and potential obsolescence concerns. Tara to continue documenting unit 304 violations and payments.

Fire System and Elevator Updates	The board reviewed a proposal from Point Monitor for fire system monitoring at a \$975 setup fee plus \$60/month, but decided to delay the switch until more information is available about phone line changes. Tara reported that Centric serviced the elevator bearings in April, but it was unclear if the elevator was shut down properly. Sally confirmed that it remained operational. Tara also noted recurring compressor failures linked to an electrical problem, which Wyatt Fire is investigating with Tim Jarmer and Jim from Wyatt.		Tara to confirm status of Point Monitor proposal after reviewing phone line requirements. Brian to meet with Centric to discuss elevator system evaluation and report back to the board.
Board Approves Repairs and Projects	Brian presented bids for second and third floor carpet, baseboard, and paint work, noting that the selected vendor's quote came in lower than two previous bids. Sally reviewed and approved the project to begin in July. The board also discussed ongoing insurance renewal challenges, budget planning, and reserve study needs. Christoph expressed tentative interest in serving as Treasurer despite scheduling conflicts. Walter raised concerns about bird droppings on the 4th floor; Brian confirmed that bird spikes would be installed by mid-July to address the issue.	Approved second and third floor carpet and paint project with no objections.	Brian to proceed with carpet and paint project. Brian to deliver carpet samples to Sally for review. Sally to review and confirm carpet selection. Brian to install bird spikes on 4th floor by July 15th.

Insurance and Legal Matters Update	Tara provided updates on two ongoing legal and insurance issues. A tenant judgment for unpaid rent now totals \$17,000 with 12% interest. The building's insurer is handling a separate lawsuit that may proceed to mediation. The board discussed concerns about potential settlement outcomes and expressed appreciation for Tara's handling of communications.		Tara to continue providing updates on lawsuit mediation. Brian to report back on his conversation with Vern regarding high-risk insurance status.
Next Meeting Date	The next board meeting is scheduled for Tuesday, August 12, 2025 at 6:00 PM. Tara will send the meeting link and calendar invite to all members.		Tara to send Zoom link and calendar invite for August 12th meeting.
Adjournment	Meeting adjourned at 7:20 PM.
